Conflict Free Minerals Sourcing Policy

Amlex Technology complies with the CFSI requirements of 3TG minerals (tantalum, tin, tungsten and gold) driven by our multinational worldwide customers.

It is of utmost importance for Amlex Technology to ensure the ethical integrity of its supply chain or the sourcing of its raw materials.

We expect our suppliers to comply with the CFSI requirements and to only source materials from environmentally friendly and socially responsible suppliers.

We expect our suppliers to Identify smelters/refiners associated with the 3TG mineral supply chain for our products.

We expect our suppliers to complete the **Conflict Free Mineral Self Audit Check List** as per Appendix I based on the products supplied to Amlex.
